Select the device for which you are requesting files.

Step 8: Choose Files Tab

On the page for your device, click on the Files tab.

PiQo4

The name tells the story:

Pi = Picosecond pulses

PiQo4™ Q = Q-switch mode (nanosecond pulses)

4 = More wavelengths to target more ink colors

From the Individual page for your product, click on the "Files" tab.

Click to view treatment images

Overview

Studies indicate that NINE of the most common tattoo colors are highly absorbed by wavelengths that are

Step 9: File Access Request

Click the button to send a request to access the files for this device. You do not need to complete the form at the bottom of the page at this time.

The screenshot shows the product page for the PiQo4 laser. On the left is an image of the device with a screen displaying the PiQo4 logo. To the right, text explains the name: 'Pi = Picosecond pulses', 'Q = Q-switch mode (nanosecond pulses)', and '4 = More wavelengths to target more ink colors'. Below this is a 'Request Owner File Access' button. At the bottom, there is a form titled 'Order Item or Request Additional Info' with a 'Name*' field. Red boxes and arrows highlight the 'Request Owner File Access' button and the form, with text boxes stating: 'Click the button to request file access.' and 'Do not complete this form at this time. This form is only for new inquiries.'

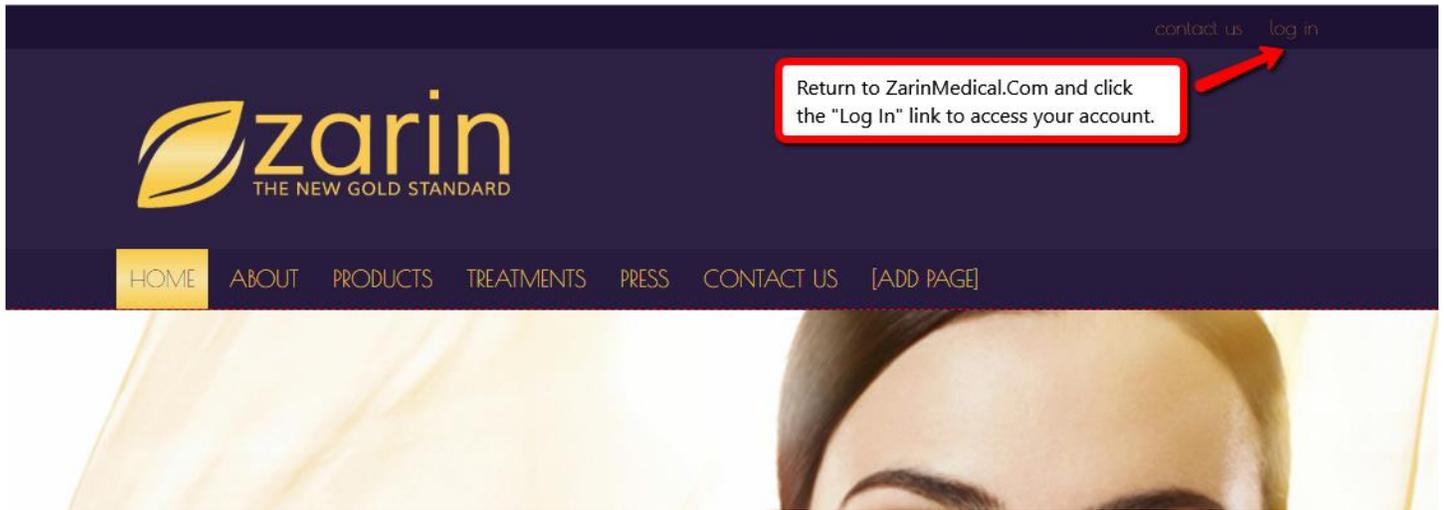

Step 10: Wait 24-48hrs M-F

Your request is submitted and your account is being reviewed to confirm your privileges to access this information. You will receive a notice when your Access is Granted.

The screenshot shows an email notification from Zarin Medical. The subject is 'File Access Changed - Zarin Medical - The Gold Standard In Medical Lasers'. The sender is 'zarin@server1.deloops.net'. The email content includes the Zarin logo and the text: 'File Access Changed', 'Your owner file access has been changed.', and 'If you were waiting on access to a product's owner files, please check them at your earliest convenience.' A red box highlights the first sentence of the email body.

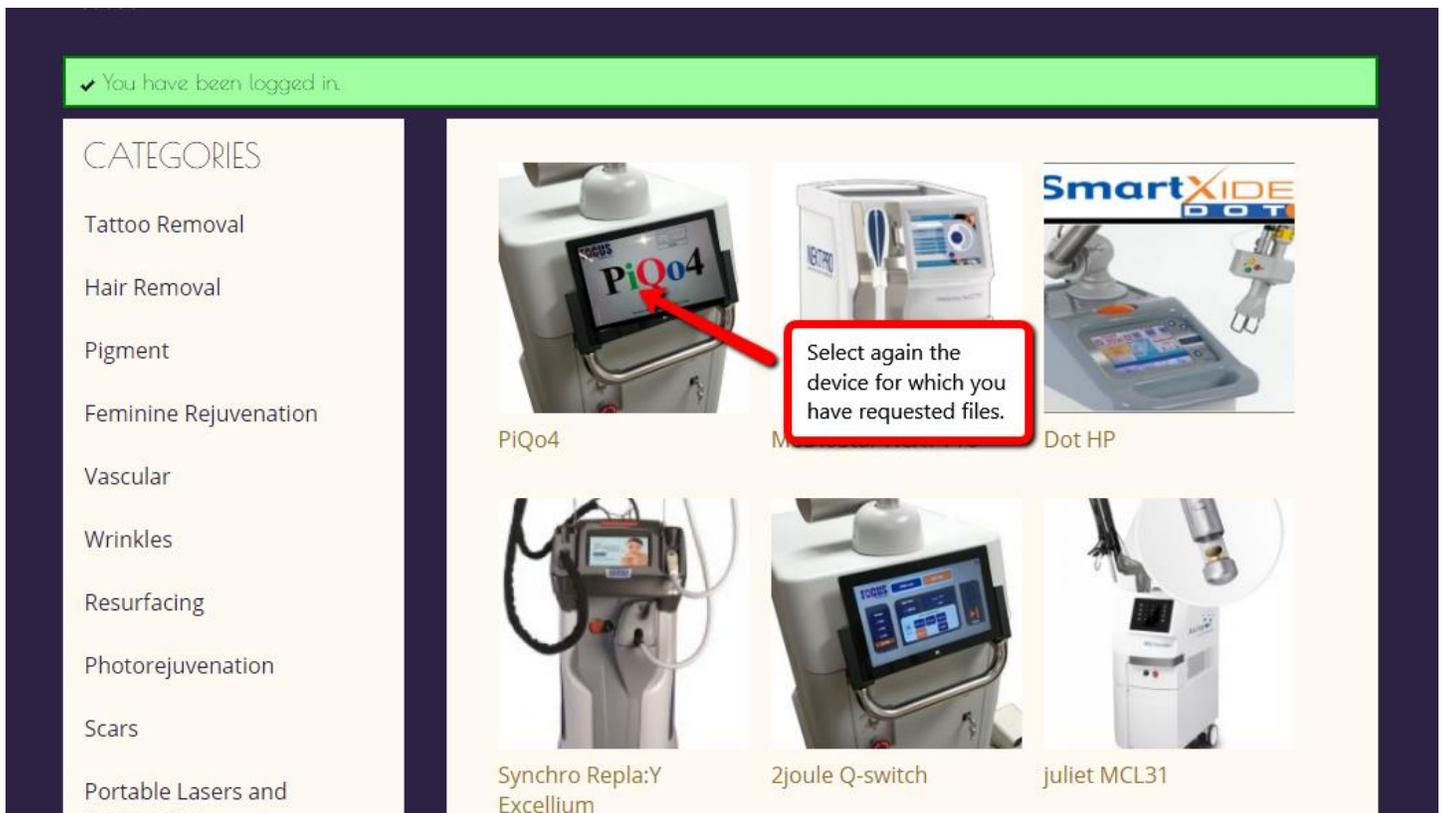

Step 11: Log Back In

Return to ZarinMedical.Com and click on the Log In link at the top. Once there, enter your account info and click Submit.

Step 12: Select Device

Again select the device whose files you want to access.

Step 13: Access Your Files

Once on the individual page for this device, click the Files tab. You can now download any available files by clicking on their link.

PiQo4

The name tells the story:

Pi = Picosecond pulses
Q = Q-switch mode (nanosecond pulses)
4 = More wavelengths to target more ink colors

This robust system has been available in Asia for years and is now FDA cleared for the USA. Because of its unique design, users report results in **40% fewer treatments** than other systems. ([Read PiQo4 press release](#))
